2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

Duke Power should not be allowed to increase rates when the company is posting \$400M quarterly profits. This will have a spiralling effect on everything purchased. Power will increase 17%, retailers, grocery stores, gas stations, etc will also be affected by this increase and will pass the additional cost onto the consumer.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *
